

Make up for Confirmation 1 Session 5 – Faith and Science

Task #1 – Answer the following questions about what you think about science and the Catholic Church’s view on science.

- 1) What is your overall attitude about science?
- 2) What do you think the Catholic Church thinks about science?”
- 3) What is your overall attitude about the Church and how it views science?

Task #2 – Pick one of the priests/scientists below and write about them including the following,

- 1) What achievement they had in advancing science?
- 2) Who they were and when did they live?
- 3) How did the Church view their advancement?
- 4) How does the scientific community view their advancement?
- 5) What do you think about this person? Did you learn anything new?

List of priests/scientists

Fr. Angelo Secchi, SJ

Fr. Paul Gabor, SJ

Fr. Gregor Mendel

Fr. George LaMaître

In order to get credit for this make up, you need to complete both tasks. Once completed, please email pdf or Word Document to rhernandez@holyfamily.org.
